| Sample | GLOW |
| Manufacturer | Unknown |
| Batch | |

## Sample description >

See picture or pictures attached.

## Tests requested >

GCMS/LCMS screening for contamination

## Results >

| | |
|---|---|
| LCMS screening | |
| | |
| | |

## Comments >

LCMS analysis identified the presence of mannitol, GHK(-Cu), BPC-157 and TB-500 (TB4).
LCMS spectra are attached. No significant contamination detected.

Analysis conducted > 13 OCT 2026
